DAY 4 • SECTION 1

Introduction to Client Outreach

Day 4 is when your research transforms into real-world action. You will begin making first contact with the businesses in your CRM database using WhatsApp messages and email — the two primary outreach channels approved by ProgVision Digital.

First contact is the most critical moment in the sales process. A well-crafted first message can open a conversation that leads to a demo and eventually a subscription. A poorly crafted message gets ignored or blocked. Today you will learn exactly how to craft each type of message.

Cold vs. Warm Outreach — Key Difference

Type	Definition	Tone	Expected Response Rate
Cold Outreach	First contact with someone who has never heard of ProgVision or InstaDemoX	Friendly, non-pushy, value-led	3-8%
Warm Outreach	Follow-up to someone who has already responded or shown interest	Conversational, specific, action-oriented	20-40%

All Day 4 outreach is cold — these businesses have never heard from you before. Use only the approved cold outreach templates below. Do NOT improvise on Day 4 — the scripts have been tested and refined for maximum response rates.

DAY 4 • SECTION 2

Approved WhatsApp Outreach Templates

The following templates are approved by ProgVision Digital for Day 4 outreach. Use them exactly as written, substituting only the [BUSINESS NAME] and [CITY] placeholders. Do not add extra sentences, change the tone, or include pricing in the first message.

TEMPLATE 1 — RESTAURANT / FOOD BUSINESS (Primary)

Hi! I came across [BUSINESS NAME] on Google Maps — your [rating] rating and [X] reviews are impressive. I'm from ProgVision Digital and we've built a free website demo for your restaurant that's already live. It has your real Google reviews, a WhatsApp order button, and your address on a map. Takes 15 seconds to see. Can I send you the demo link? ■

TEMPLATE 2 — SALON / SPA

Hi [BUSINESS NAME]! Your salon came up on Google Maps with a [rating] ■ rating. We noticed you don't have a website yet — we've already built a free demo for you using your Google reviews and details. It takes 15 seconds to show. Interested in seeing it? ■

TEMPLATE 3 — CLINIC / MEDICAL

Hi, I'm reaching out from ProgVision Digital. I found [BUSINESS NAME] on Google Maps and saw you have a great rating with [X] patient reviews. We've created a free website demo for your clinic using your real details — it includes appointment call button and your location map. Can I share the link? ■

TEMPLATE 4 — HOTEL / HOSPITALITY

Hello! I'm from ProgVision Digital — we found [BUSINESS NAME] on Google Maps. We've built a free website demo for your property using your actual reviews and address. It includes a direct booking enquiry form and your location. Would you like to see it? Happy to share the link right away. ■

TEMPLATE 5 — GENERIC (Use for any other industry)

Hi [BUSINESS NAME]! I'm from ProgVision Digital. I found your business on Google Maps and noticed you don't have a website yet. We've built a free website demo using your real Google reviews and details — it's ready to view in 15 seconds at instademox.space. Can I send you the link? ■

DAY 4 • SECTION 3

Email Outreach Templates

For businesses where a phone number is not available or the WhatsApp message is not read after 48 hours, use the email outreach template. Email allows for a slightly longer, more formal pitch and is particularly effective for clinics, schools, and B2B businesses.

EMAIL TEMPLATE — SUBJECT: We built a free website for [BUSINESS NAME]

Dear [Business Owner's Name / Team],

I hope this message finds you well. I'm [Your Name] from ProgVision Digital (progvision.online) — a technology company specializing in digital solutions for local businesses across India.

I came across [Business Name] on Google Maps and was impressed by your [rating] star rating and [X] reviews from your customers. Congratulations on building such a strong local reputation.

I'd like to share something that might be valuable for your business: we've built a free, fully functional website demo for [Business Name] using your real Google reviews, your address, and your contact details. It includes a direct WhatsApp button, a Google Maps widget, and a professional layout tailored to your industry.

You can view your free demo at: instademox.space — just type in your business name and it generates in under 15 seconds.

If you'd like to claim this site and keep it live permanently, our plans start at just Rs. 499/month — with a custom domain available at Rs. 999/month.

I'd love to schedule a quick 10-minute call to walk you through the demo personally. Would any time this week work for you?

Best regards, [Your Name] Business Development Team, ProgVision Digital support@progvision.online | +91 7814201332 progvision.online

DAY 4 • SECTION 4

Outreach Timing & Cadence

When you send a message matters almost as much as what you send. Businesses are most responsive at specific times of day — sending at the wrong time means your message gets buried under notifications by the time the owner checks their phone.

Industry	Best WhatsApp Time	Avoid
Restaurants	10:00 AM – 11:30 AM (before lunch rush)	12:00 PM – 2:00 PM (peak service)
Salons & Spas	9:30 AM – 11:00 AM	Weekends (fully booked)
Medical Clinics	8:00 AM – 9:00 AM or 5:00 PM – 6:00 PM	10 AM – 12 PM (OPD hours)
Hotels	10:00 AM – 12:00 PM	Late evenings (check-in busy)
Retail Shops	9:00 AM – 10:30 AM	Fridays (weekly payments day)
Gyms	7:00 AM – 8:30 AM or 7:00 PM – 8:30 PM	Morning rush hours
Schools / Coaching	8:30 AM – 9:00 AM or 4:00 PM – 5:00 PM	During class hours

Message Volume Guidelines

Sending too many messages at once from a single number can get your WhatsApp account flagged. Follow these daily limits:

- Maximum 25 new cold outreach messages per day from a single WhatsApp number.
- Space messages at least 3-5 minutes apart — do not send in rapid succession.
- Day 4 target is 20 messages — this is deliberately conservative to protect your account status.
- Do not use WhatsApp Business Bulk Sender tools or automation software — these violate WhatsApp's terms and will get the number banned.
- If you have a business WhatsApp account, use that for outreach instead of your personal number when possible.

DAY 4 • SECTION 5

CRM Logging Protocol — Outreach Phase

From Day 4 onwards, the CRM sheet gains additional columns for outreach tracking. Every message you send must be logged with full details within 30 minutes of sending. This data is used by your supervisor to evaluate your progress and by the team to coordinate follow-ups.

New CRM Column	What to Enter	Example
Outreach Channel	WhatsApp / Email / Call	WhatsApp
Message Sent Date	DD/MM/YYYY format	04/01/2026
Message Sent Time	HH:MM format (24hr)	10:32
Template Used	Template number (1-5) or 'Email'	Template 1
Response Status	Sent / Delivered / Read / Replied / No Response	Read
Response Content	Brief summary of what they replied (if any)	Asked for demo link
Lead Stage	Cold / Interested / Demo Sent / Meeting Booked / Not Interested	Interested

UPDATING RESPONSE STATUS

Check your WhatsApp every 2-3 hours during the day and update the Response Status column. The tick indicators in WhatsApp tell you:

Single grey tick = Sent | Double grey tick = Delivered | Double blue tick = Read | Text reply = Replied

Update your CRM in real-time — do not wait until end of day to update response statuses.

Handling Immediate Replies on Day 4

If a business owner replies on Day 4, do not panic. Here are the most common immediate responses and exactly how to handle each:

Response Type	Suggested Reply
'Yes, send the link'	Great! Here's your demo: instademox.space — type your business name and it generates in 15 seconds. Let me know what you think! ■
'What is this about?'	We're ProgVision Digital — we build websites for local businesses using Google Maps data. Your business already has a demo ready at instademox.space. Want to see it?
'How much does it cost?'	The basic plan starts at just Rs. 499/month with no setup fee. But first — let me share your free demo so you can see exactly what you'd be getting. ■

'Not interested'	No problem at all! If you ever need a website in the future, we're here. Have a great day! ■
No response	Log as 'Read / No Response' and schedule a follow-up for Day 5.

DAY 4 • SECTION 6

Personalisation — The Key to Higher Response Rates

The approved templates are a starting point, not a rigid script. Once you have sent 10 messages using the templates exactly as written, you may begin personalising them with information from the business's Google Maps listing. Personalisation typically doubles response rates.

Personalisation Elements to Add

- Mention the specific Google rating: 'Your 4.6 stars with 203 reviews is impressive for [city].'
- Reference a specific review theme if visible: 'People seem to love your biryani — it keeps coming up in your reviews.'
- Acknowledge their neighbourhood: 'I noticed you're on Gandhi Road — one of the busiest streets in [city].'
- Mention years in business if visible: 'You've been serving [city] since 2015 — that's a decade of great service.'
- Reference their specific service: 'Your dental clinic specializes in orthodontics — perfect for a service-specific website.'

PERSONALISATION EXAMPLE

GENERIC: 'Hi Sri Balaji Restaurant! We noticed you don't have a website yet. We've built a free demo using your Google details. Can I share the link?'

PERSONALISED: 'Hi Sri Balaji! Your 4.8 rating with 312 reviews is honestly one of the best I've seen on Google Maps in Tirupati. People are clearly coming back again and again. We've built a free website demo for you with all your real reviews displayed — takes 15 seconds to see. Can I send the link? ■■■'

Day 4 Checklist

- Selected 20 HIGH priority leads from CRM for Day 4 outreach.
- Sent 20 WhatsApp messages using approved templates.
- Personalised at least 5 messages with specific Google Maps data.
- Logged all 20 sends in CRM with time, template, and delivery status.
- Updated response statuses at least twice during the day.
- Replied to any positive responses using the approved reply guide.
- Sent end-of-day summary to supervisor: X sent, X read, X replied.

DAY 4 • DELIVERABLE

Day 4 Summary & Deliverable

EXPECTED DELIVERABLE

Minimum 20 WhatsApp outreach messages sent to HIGH priority CRM leads, fully logged with timestamps, template used, and delivery/response status.

WHAT YOU LEARNED TODAY

Topic	Key Takeaway
Outreach Templates	5 industry-specific WhatsApp templates + 1 email template, tested for response rate
Timing Strategy	Each industry has optimal outreach windows — timing improves open rates significantly
CRM Outreach Logging	Every send logged in real-time with channel, time, template, and response status
Personalisation	Adding specific Google data (rating, review themes, neighbourhood) can double response rates
Response Handling	Clear scripts for every type of immediate response — no improvisation needed

✓ Day 4 complete. First contact made. Tonight, check your CRM and update all response statuses. Day 5 focuses on objection handling and converting replies into demo conversations.
