

PROGVISION DIGITAL — TRAINING PROGRAM

DAY 5

Objection Handling & Follow-Up

Focus: Converting Responses into Demos

progvision.online • instademox.space

MSME Registered Enterprise | UDYAM-AP-23-0076992

DAY 5 • SECTION 1

Understanding Objections

An objection is not a rejection. In sales, an objection is a question or concern that the prospect has not yet had answered. When a business owner says 'I'm not interested' or 'I already have a website', they are usually communicating a specific concern — and your job is to identify and address that concern.

Hot Lead

What They Say	What They Mean
'I'm not interested.'	I don't understand the value yet — explain it better
'I already have a website.'	I don't know why I should switch or add another
'I don't have time right now.'	I'm not convinced enough to make time
'How much does it cost?'	I'm interested but worried about the price
'Send me more information.'	I'm mildly interested but not ready to commit — need nurturing
'I'll think about it.'	I'm interested but need a gentle push or more social proof
No response at all	Message not read, wrong time, or too generic — try a different approach

DAY 5 • SECTION 2

Top 5 Objection Responses — Master These

Objection 1: 'I already have a website.'

Response: 'That's great! A lot of our clients had websites too — but they found that InstaDemoX actually works alongside their existing site or replaces a slow, outdated one. Can I ask — does your current website have your real Google reviews displayed on it? And does it have a WhatsApp button? Our demo shows you what that looks like in 15 seconds. Would you be open to a quick look before deciding?' This response validates their existing asset, asks a qualifying question, and makes a very low-commitment request (just 'a quick look').

Objection 2: 'I'm not interested right now.'

Response: 'Completely understand — no pressure at all! I just want to make sure you've seen what we've built. Your free demo is live right now at instademox.space with your real business name and reviews. Even if you don't need it today, it takes 15 seconds to see and might be useful for the future. Would that be okay?' Making the action feel almost effortless ('15 seconds') removes the barrier of commitment.

Objection 3: 'How much does it cost?'

Response: 'Great question — before I get to pricing, I want to make sure you actually see what you're getting. Our basic plan is Rs. 499/month but the Business Live plan at Rs. 999/month is what most restaurant owners [or relevant business] go for because it includes your own domain name. But first — let me send you your free demo so you can see the quality. You'll understand the pricing much better after that. Shall I send the link?' Lead with the demo, not the price.

Objection 4: 'I'll think about it.'

Response: 'Absolutely, take your time! One thing that might help — your demo is live right now at instademox.space. If you view it today, you can see exactly what your customers would see if they searched for your business online. Would it help if I stayed available on WhatsApp in case you have any questions while you're looking at it?' This keeps the conversation open and puts a specific next action in their hands.

Objection 5: Price concern — 'Rs. 999 is too much every month.'

Response: 'I completely understand — budgets are tight for every business right now. A few things to consider: most of our clients find that even one extra customer per week from their website pays for the annual subscription. Also, compare this to a freelance web designer who would charge Rs. 20,000-50,000 upfront with no ongoing support, no WhatsApp button, and no Google Maps integration. At Rs. 999/month, you get all of that with full cloud hosting included. Would the Starter plan at Rs. 499/month be a more comfortable starting point?'

DAY 5 • SECTION 3

Lead Categorisation — Hot, Warm, Cold

By Day 5, your CRM has outreach data from Day 4. Now categorise every contact you have reached based on their response pattern. This categorisation drives how you spend your time today.

Category	Definition	Day 5 Action
HOT	Replied positively, asked for demo link, asked about pricing, or said 'yes'	Send demo link immediately, schedule call within 24 hours
WARM	Message was read (blue ticks) but no reply, or replied with 'I'll think about it'	Send a follow-up message today using the warm follow-up template
COLD	Message delivered but not read, or business did not respond	Send one more message at a different time of day
NOT INTERESTED	Explicitly said no or asked not to be contacted again	Mark as closed in CRM — do not contact again
WRONG NUMBER	Number not active or message bounced	Search for alternative contact in Maps / JustDial

Warm Follow-Up Template (for WARM leads)

FOLLOW-UP TEMPLATE — Send 24-48 hours after first message

Hi [BUSINESS NAME]! Just wanted to check in — did you get a chance to look at the free website demo I mentioned? Your demo is live at instademox.space with your real Google reviews and a WhatsApp button. Even a 15-second look might surprise you! ■ Let me know if you have any questions.

Cold Re-Engagement Template (for COLD leads)

RE-ENGAGEMENT TEMPLATE — Try different time of day

Hi [BUSINESS NAME]! Reaching out quickly from ProgVision Digital. We've put together a free website demo for your business at instademox.space — it uses your real Google Maps details and reviews. Completely free to view, no sign-up needed. Would love to know what you think! ■

DAY 5 • SECTION 4

Demo Delivery — Walking a Client Through InstaDemoX

When a client says 'yes, show me the demo', this is your most important moment. A well-delivered demo converts interest into a subscription. A poorly delivered demo loses a client who was already ready to buy.

The 5-Step Demo Script (via WhatsApp or Call)

- 1 SET CONTEXT: 'I'm going to share a link — instademox.space. When you open it, type your exact business name in the search bar. It will find your Google Maps listing and generate your website in about 15 seconds.' (Give them a moment to open it.)
- 2 BUILD ANTICIPATION: 'While it's generating — this is using your real Google rating, your actual customer reviews, and your business address from Google Maps. Nothing is fake or made up.' (Creates trust before they see the result.)
- 3 REACTION MOMENT: 'What do you see? What does it look like?' (Let them react first — this is critical. Their own reaction is more powerful than any sales line you can say.)
- 4 HIGHLIGHT KEY FEATURES: Point out the WhatsApp button, the real reviews, the Google Maps widget, and the 'Call Now' button. 'If a customer finds this and taps WhatsApp, they're talking to you directly. That's what a website should do for a business like yours.'
- 5 CLOSE GENTLY: 'To keep this live permanently and add your own domain, our Business plan is Rs. 999/month — that's about Rs. 33/day. Less than a cup of chai. Want me to walk you through activating it?'

■ **Never pressure a client to subscribe immediately during the first demo. Always end with an open question, not a demand. If they say 'let me think', confirm a specific follow-up time: 'Shall I check in with you tomorrow morning around 10?'**

DAY 5 • SECTION 5

Scheduling a Demo Call

For clients who are interested but want to see a live walkthrough, or who prefer speaking over text, you can schedule a Google Meet or phone call. This is the highest-conversion interaction type — a live demo call converts at 3-5x the rate of a text-based demo.

How to Schedule a Call

- 1 When a client expresses interest, say: 'I'd love to do a quick 10-minute call to walk you through the demo and answer any questions. Would tomorrow morning or afternoon work better for you?'
- 2 Once they confirm a time, send a WhatsApp message with the details: 'Great! I'll call you on [date] at [time] on this number. I'll show you your demo on Google Meet if you'd like to see it on screen — or just a regular call works too.'
- 3 Enter the scheduled call in your CRM: Lead Stage = 'Meeting Booked', and note the date and time in the notes column.
- 4 Report the booked meeting to your supervisor on WhatsApp with the client name, business, and scheduled time.
- 5 Before the call, visit instademox.space and generate the client's demo yourself so you can share your screen if needed.

✓ **One scheduled meeting on Day 5 counts as your primary deliverable. This is equivalent to 3 demo conversations. A single booked call represents the highest-value outcome of your first 5 days.**

Day 5 Checklist

- Categorised all Day 4 contacts as Hot / Warm / Cold / Not Interested.
- Sent demo links to all HOT leads immediately.
- Sent warm follow-up template to all WARM leads.
- Sent re-engagement message to COLD leads at a different time of day.
- Completed at least 3 demo conversations OR booked 1 meeting.
- Updated CRM with lead stage and response content for every contact.
- Reported results to supervisor: X hot, X warm, X cold, X not interested.

DAY 5 • SECTION 6

Understanding the Sales Psychology

Great salespeople are not pushy — they are empathetic. The most effective approach to selling InstaDemoX is to genuinely believe that the product will help the business you are talking to, and to communicate that belief clearly. Business owners can tell when someone cares about their success versus when they are just trying to hit a quota.

The Mindset of a Top Performer

- You are not selling a subscription — you are solving a real problem. The business you are talking to is losing potential customers every day because they cannot be found online.
- Rejection is information, not failure. Every 'no' tells you something about your pitch, your timing, or your lead qualification criteria.
- Consistency beats intensity. 20 well-crafted messages per day beats 60 generic blasts on one day followed by silence.
- Your follow-up is your differentiator. Most sales happen on the 5th or 6th contact. Most salespeople give up after 2.
- Personal pride in your work shows. When you personalize a message and a business owner replies 'how did you know that about our restaurant?', that is when relationships begin.

Tracking Your Conversion Funnel

Funnel Stage	Count	Target Conversion
Total leads in CRM	70+	100% — every lead logged
Outreach sent (Days 4-5)	20-30+	100% of HIGH priority leads
Messages read (blue ticks)	Varies	40-60% of sent
Positive responses	Varies	5-10% of sent
Demo conversations	3+	Day 5 target
Meetings scheduled	1+	Day 5 target
Subscriptions (post-training)	2-3/week	Team target

DAY 5 • DELIVERABLE

Day 5 Summary & Deliverable

EXPECTED DELIVERABLE

At least 3 demo conversations initiated via WhatsApp or call, OR 1 formal meeting scheduled with an interested prospect. All leads categorised and CRM fully updated.

WHAT YOU LEARNED TODAY

Topic	Key Takeaway
Objection Handling	5 core objections with specific, field-tested response scripts
Lead Categorisation	Hot / Warm / Cold / Not Interested — different action for each
Demo Delivery	5-step demo script that guides a prospect from curiosity to conversion
Meeting Scheduling	One booked meeting = highest-value output of the training week
Sales Psychology	Empathy and consistency outperform pressure and volume every time

✓ Day 5 complete. You are now making real sales conversations happen. Day 6 returns to research — deepening your city coverage and refining your CRM to 100+ verified entries.

QUICK REFERENCE CARD

Day 5 — Objection Handling & Follow-Up

Key Item	Detail
Company	ProgVision Digital — MSME Registered (UDYAM-AP-23-0076992)
Product	InstaDemoX — AI website generator in 15 seconds
Website	progvision.online
Product URL	instademox.space
